RE: Class Act Personal Services

To Whom It May Concern:

I met the founder-owner of this outstanding cleaning service three years ago when I was desperate to find something different from the typical cleaning services I had used. Much to my delight, Virginia Culp offered what I wanted.

Her professional approach to my needs, and her understanding of the importance of using toxic-free, healthy, environmentally-safe cleaning products was perfect solution to my requirement. My apartment air felt "pure," as I returned, there was no odor of strong chemicals and everything looked clean and ready for me.

I highly recommend Class Act Personal Services as your service.

Sincerely,  
Nancy O.
